

EH8033 NPT SOLID BLACK

EH8033 NPT SOLID BLACK is a press-ready premium low gloss black plastisol ink with improved fiber mat down.

Highlights

- Easy to use, low pressure required
- Opaque black

Printing Tips

- Print on black garments for tone on tone images.
- Rutland black inks print well through mesh ranges from 110-355 t/in (34-62 t/cm) Recommend 70-80 Durometer squeegee with sharp edge for maximum print definition.
- Printers should always test the ink on their fabric under their process conditions before printing production runs.

Compliance

- Non-phthalate
- Internationally compliant
- Visit <https://www.avientspecialtyinks.com/services/compliance-support>

Precautions

- The information above is given in good faith and does not release you from testing inks and fabrics to confirm suitability of substrate and application process to meet your customer standards and specifications.
