How can I access IMS 3.0?

In order to access IMS 3.0, you must have an internet or hot spot connection. The concept of cloud computing focuses on maximizing the effectiveness of shared resources. With IMS 3.0 and an internet line, multiple users can access their private data to retrieve formulas or update their custom data.

Microsoft Azure™ supports the IMS 3.0 cloud services.

What operating system does IMS 3.0 support?

IMS 3.0 Desktop is available exclusively for Windows™. IMS 3.0 Mobile is browser-based and can be used on any device with a supported web browser. However, certain features and capabilities are available only in the desktop version.

Is there a user guide available?

Yes, after installing the new IMS 3.0, refer to the Help section for a complete operating instructional manual.

Can I convert my data from older versions of IMS 3.0?

Yes. We developed a utility tool to assist in this transition. The tool will export all data from the old database and import directly into IMS 3.0.

How can I access technical support?

The IMS 3.0 User Manual may be found online by clicking the information icon in the upper right corner of any object within the IMS 3.0 application. The manual can be used online, downloaded, or printed locally. Please report all error messages or malfunctions to our [Technical Service](#) team at inks@avient.com.
